

WEDNESDAY NIGHT 6 to 8 pm:

Certified instructors provide a safe environment for beginner shooters. The club provides targets, bows and arrows for novice archers to try out. Intermediate/advanced shooters also use this time for extra practice.

Bob Bouchard, Dustin Grothe and Ardian Pobjoy are USA certified, safe coaches provide instruction on this night, teaching the basics on form and practicing safe archery. This program runs on donations, and the recommended donation is \$5.00.

Come on out and enjoy this fun night with us. Anyone who would like to take a look at the club or inquire about membership could stop by between 5:30 and 8:00 pm. For further information call Adrian Pobjoy at (941)704-3512.

THURSDAY NIGHT 6 to 8 pm.

On Thursday night we run an intermediate/advanced JOAD (Junior Olympic Development Program) for all ages. Certified USA Archery level one through three coaches provide a safe environment for achieving awards in a nationally recognized program. Having your own equipment for this program is definitely a plus, but basic Mathews Genesis bows can be rented. The goal of this program is to develop knowledge of shooting at and participating in local 3D tournaments and other state events. This program is what you make of it. We have some really enthusiastic and skilled coaches. You must be a current member of USA Archery to participate in this program.

This program runs in two month sessions, for further information and start dates Contact Adrian Pobjoy (Director of JOAD) at (941) 704-3512.

Saturday and Sunday Specials:

We will be holding Saturday, 11:00 am to 1:00 pm, recurve and compound JOAD Achievement sessions on a monthly basis. This gives adults and youths a chance to earn National achievement pins (must be a USA Archery member) . If you want to come and just punch some numbers for fun, that is also possible. Shooting 3D at our club and others will also be a part of the specials program. Check the board in the indoor range for scheduling. For further information call Adrian Pobjoy at (941) 704-3512
